Brown Smith Wallace Consulting Group Introduces New Way of Bringing Industries Together ...
Spring Virtual Tech Fair™ Take Control Of Your Technology Roadmap

Have you outgrown your current system? Are you driving your IT process or is IT driving you? Confused about which way to go? The 2007 Distribution Virtual Tech Fair hosted by Brown Smith Wallace Consulting Group will help guide you as you take control of your technology roadmap.

For two days only, April 25 and 26, attendees can meet with leading technology companies and industry experts from the comfort of their office -- live, online, interactive and 100 percent free – at the Distribution Virtual Tech Fair.

The complimentary, interactive event takes the most successful elements of a live trade show and translates them into the virtual world of the Internet. Attendees enjoy product demos, event networking, show prizes and educational presentations from industry leaders. For a sneak peek, attendees can take a virtual tour of the show at www.virtualtechfair.com.

Virtual Tech Fair education sessions will include presentations from Peter de Jager, Jon Schreibfeder, Terry Brock, Steve Epner and the software providers.
