Item Royalties

Track Royalties Due based on Invoiced Sales by Royalty Class/Item!

Tracking Royalties has never been easier. Define your Royalty Classes. In the Item record opt whether the Royalty Type is either a dollar amount or a percentage. Then enter the Royalty amount. It's as simple as that! The Item Royalty Report can be printed based on a range of Invoice Dates and a range of Royalty Classes.

The screenshot shows the 'Item Master Maintenance' window for item 10693. It includes a search bar, a table of items, and several configuration sections:
