Warehouse Management System (WMS) for Freedom Series/ ec21 has been designed to address the next generation of distribution system requirements, based on current trends in the industry, utilizing barcode scanning in a Wireless Network environment.

The WMS model is comprised of 4 broad categories of material handling processes in the distribution center:

- **Space Management** (warehouse mapping, multiple location types, location labeling, staging locations, intelligent put away)
- **Outbound Product Management** (order fulfillment, picking, packing and staging operations)
- **Inbound Product Management** (receiving, staging, item profiles, put-away)
- **Internal Product Management** (replenishment, transfers, cycle counts)

Space Management	Outbound Product Management	Inbound Product Management	Internal Product Management
Warehouse Mapping	RF Pricing	RF Receiving	RF Bin/Item Location
Multiple location types	Bulk/Bin Split	RF to Staging Area	RF UPC Code Capture
Mass Maintenance Capability	RF Pick by Cart	Multiple RF user on PO	Cycle Counts
Location Labeling/Bar Coding	RF Pick Confirmations	Container Support	RF Transfers
Enforce Map when creating new Locations	RF Picking Support for Non Stock	RF Receive in Multiple Unit of Measure	Mass Maintenance for Warehouse Map
Staging Locations	RF Picking for Kit Components	Functional Equivalent Support	RF VOM Pack Size Maintenance
Bulk Storage	RF Picking from labels/Pick Sheets	Receiving Labels on Demand	Barcode Label Creation
Intelligent Put Away	RF Package Manifest	RF Open PO Inquiry	
	RF Notes Inquiry	RF Item Profiles	
	RF order Pool Look-ahead Planning		

### Benefits of WMS:

- Inventory Accuracy/Availability
- Efficient Use of Available Space
- Increase Employee Productivity
- Accurate and Timely Customer Shipments
- Reduce Non-Productive Events/Returns
- Improve Customer Service
- Reduce Overhead/Realize Higher Margins
- Faster Training for Warehouse Employees

WMS is also available as a standalone product which can be fully integrated into other current ERP packages which support wholesale distributors, distributors, or manufacturers.
